

Integrated Port Systems Seminar

Container Operations of the Future ... Today

A GREAT source of information on automation & equipment for ports:

- Keynote Speaker Erik Stromberg, Senior Port Advisor at Cardno TEC
- How today's top OEMs and automation systems are setting records in port productivity around the world
- How integrated port systems can increase throughput, efficiency and profitability

Attendance is FREE, but space is limited!

Please register by February 28th

Georgia Ports Authority
Annex 2 Auditorium
110 Main Street
Garden City, GA 31408
March 5, 2014

Time	Presenter	Topic
10:00	Rackley Dawson (TMEIC)	Welcome & Introduction
10:15	Alan Peterson (TMEIC)	Bringing Skill and Automation Together to Improve your Terminal's Profit
10:45	Elizabeth Stokely (Phoenix)	Why LED Lighting for Your Equipment?
