

TMEIC to Exhibit at POWER-GEN International 2015
The World's Largest Exhibition Exclusively for the Power Generation Business

Toshiba-Mitsubishi Electric Industrial Systems Corporation (hereinafter, "TMEIC"; President & CEO Kiyotaka Machida) will once again exhibit at POWER-GEN International 2015. With more than 1,400 companies engaged in the power generation business participating, this exhibition and conference is recognized as the world's largest power generation event. This year's event will take place in Las Vegas, Nevada, in the United States, and is expected to welcome more than 22,000 people from 113 countries from around the world.

TMEIC's booth concept will be **"MOTORS · DRIVES · GENERATORS · PHOTOVOLTAIC INVERTERS for the Power Generation Industry."** Underpinned by more than a century of tradition, a wealth of experience and recognized motor technology and drive technologies, customers can realize a rapid return on investment in plant and facilities through realizing high energy efficiency by means of products that are compact in size with a power regeneration function. TMEIC products are able to respond to needs for various applications and specifications, including non-utility generation and geothermal and biomass generation in addition to power generation for plants in the gas business that is expected to expand globally centering on the North and Latin American markets. At this year's POWER-GEN trade show, TMEIC will exhibit its 2-pole and 4-pole turbine generators, in which TMEIC has a proven track record not only in Japan but also in respective countries around the world. The new TM21-G motor series boasting a world-class reputation, particularly in terms of high reliability and compact size, is also planned to be on display. Additionally, TMEIC's world-leading, high-voltage TMdrive-MVe2 inverters as drive products and PV inverters for large-capacity PV power plants will also be showcased as the most advanced power electronics products.

All visitors are welcome to check out the latest developments at the TMEIC booth.

1. Exhibition name	POWER-GEN International 2015 * See the following website for further information. http://www.power-gen.com/index.html
2. Venue	Las Vegas Convention Center, Las Vegas, Nevada, U.S.A. http://www.lvcva.com/
3. Exhibition period	December 8-10, 2015 (3 days) ◇ December 8 (Tue.) 11:30am-6:00pm ◇ December 9 (Wed.) 9:00am-5:00pm ◇ December 10 (Thu.) 9:00am-2:00pm
4. TMEIC booth	North Hall No. 1 & 2, Booth #10502
5. Key TMEIC products to showcased	1. Highly reliable and highly efficient turbine generators 2. Highly reliable and compact TM-21G motor series 3. High-performance, high voltage TMdrive-MVe2 inverter series 4. Main Site Controller for PV power plant control system
