
TMEIC Powers Up 350 Units of SOLAR WARE™ Inverters for SB Energy Holdings Limited

Bangalore-based TMEIC Industrial Systems India Pvt. Ltd. has successfully supplied 350 units of 1MW SOLAR WARE™*1 inverters to SB Energy Holdings Limited which is a subsidiary of SoftBank Group*2.

This plant, which is located at Ghani Sakunala Solar Park, Kurnool District, Andhra Pradesh, is world's 7th*3 largest project. The operation has been started since March 29, 2017, and this is first operational plant delivered under Jawaharlal Nehru National Mission Program.

SOLAR WARE™ inverter is a highly engineered utility-scale PV inverter with the most advanced multi-level switching technology, delivering high energy efficiency (98.7%), and a lower equipment footprint, thus leading to an unparalleled yield on customer investment. Its reliability, efficiency and productivity is suitable for mega-solar power plant deployment.

TMEIC has been recognized with many awards for its extensive high-quality product portfolio and services. TMEIC has manufacturing base in Bangalore, Karnataka, and shipped nearly 2GW in India by the end of March 2017. TMEIC will continue to provide benefits to customers through realizing high-performance, high-quality and reliable products and services for which demand is expected to rise globally.

SOLAR WARE™ 1000
