

November 18, 2011

SEMICON Japan 2011

We will exhibit to the “SEMICON Japan 2011” held in Makuhari, Chiba from December 7 to December 9, 2011. SEMICON Japan is one of largest semiconductor conferences and tradeshows in Japan. The number of exhibitors is expected to reach more than 1,000 and visitors will be 65,000+.

We will showcase Ozone Generation Technology, Uniform Heat Application Technology, Busbar Bonding Machine and Mist-CVD.

We would like to welcome you to our booth Hall 3D-801.

<u>1. Exhibition</u>	SEMICON Japan 2011 (HP) http://www.semiconjapan.org/en/
<u>2. Venue</u>	Makuhari Messe, Chiba, Japan
<u>3. Schedule</u>	December 7, Wednesday 10:00 - 17:00 December 8 , Thursday 10:00 - 17:00 December 9, Friday 10:00 - 17:00
<u>4. Registration Fee</u>	Entrance to the exhibition is free of charge. Registration fees for seminars and receptions vary. Those who attend conference will need additional ticket apart from one for exhibition.
<u>5. Booth location</u>	Hall 3 , Booth #810
<u>6. Items to showcase</u>	(1) Ozone Generation Technology (2) Uniform Heat Application Technology (3) Busbar Bonding Machine (4)Mist-CVD (5)Total Factory Engineering (6)Multiple Power Compensator
