**Integrated Power Services (IPS) to provide Comprehensive Motor Repair Service**

**Roanoke, Virginia. (June 23, 2015)** – A business partnership between IPS, the large motor service and repair company, and TMEIC Corporation was formally signed on April 23 at the IPS Service Center in Houston. Integrated Power Services (IPS), headquartered in Greenville SC, will be providing a range of motor service and repair to TMEIC in the US and Canada. IPS has 1100 employees and 22 offices serving over 5,000 customers throughout North America, and is now authorized for warranty work and post sales service such as field installation, commissioning, and motor monitoring.

IPS's broad range of services includes in-shop and on-site repair of AC machines up to 80,000 hp, DC machines up to 1,000 hp, and rewind and epoxy resin vacuum impregnation (VPI) for voltage levels up to 15 kV. Facilities are available for motor and generator testing, electronic board repair, mechanical repair, and machining of large parts including CNC precision machining.

IPS now joins Magnetech as authorized TMEIC motors service and repair centers in North America.
