

Dear Sir:

We are pleased to announce that TMEiC will be participating in the 2019 METEC trade fair in Dusseldorf, Germany 25-29 June. Our booth will be located in Hall 5, Booth #A29 and we hope that you will be able to join us there. While TMEiC has been your supplier of state-of-the-art technology for decades, we will be looking into our crystal ball this year to see what we believe the future will look like and what we will be doing to enhance and improve metals rolling technology. We will also be hosting afternoon traditional sake parties on 25th Tuesday - 27th Thursday... at 14:00 o'clock. So, come join us for a taste of Japanese culture!
We look forward to seeing you soon.

Yours truly,

Kazuhiko Uekusa
Executive Officer & Vice President
Industrial Automation & Drive Systems Division
